

PANTHER SENTINEL

Volume XX

Salinas, California, Friday, March 2, 1951

Number 17

AS WE SEE IT

By GEORGE JACKSON

Although the goal of 100 pints was not achieved, there is no doubt that the donations of the 51 patriotic persons who pledged a pint of blood in the recent drive will be greatly appreciated by the American Red Cross. The donations will be appreciated even more by the wounded or stricken persons who receive transfusions of this blood.

At Hartnell the drive was successful only because it added to the total amount of blood collected in the Salinas Valley area and by the American Red Cross nationally; as an opportunity for many Hartnell students to help their fellow men the drive was a failure.

The total number of 51 donors represented about one student in ten who went to the trouble to join in such a worthy cause. Just what kind of a nation would this be if one person in ten supported efforts to keep our way of life free from other influences? Where would we be in our battle in Korea if one soldier in ten decided to fight the enemy? You know the answer as well as the next guy.

Because there was some interest shown in the drive for blood here, there is the possibility that in future months other attempts will be made to secure donors. In three months donors who are taking part in the program next week will be eligible to give again. It may be that many students wanted to see how the first persons took to giving blood before they gave. Let's hope it's just that simple.

DRAFT NEWS

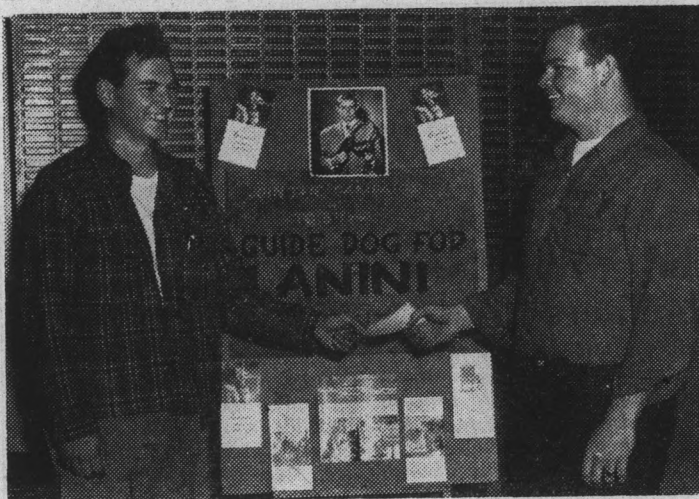

With the latest bulletin by the office of education of the Federal Security Agency, college students are given their greatest break since the beginning of selective service.

Students are now given a 30-day period postponement which commences at the end of the statutory postponement of induction. The statutory postponement of induction is the date of the end of the academic year or the date a student's grades become unsatisfactory, whichever is the earlier.

During this 30-day period the student may enlist in any branch of military service or secure employment which, because of its nature, may bring about a deferment for the student.

This plan shows that somewhere along the line someone has finally seen the picture through the student's eyes. This new setup is about as fair to the student as is practical. The student no longer needs to worry about being drafted out of school as long as his grades are satisfactory, and he is able to enlist in the service of his choice or secure a deferment because of high skills or specialization.

Cagers Enter Sacramento JC Tourney

Photograph by Andy Ausonio
Newman Club President Don Stoffey is shown, above left, presenting \$10 for the Edwin Lanini Drive to Panther Sentinel Editor George Jackson. Total contributions for the former Hartnell student totaled over \$50.

LANINI CONTRIBUTIONS TOTAL \$51.50

Contributions to the "Dog for Lanini" campaign last week reached a total of \$51.50 in the two-day drive sponsored by the student body. Editor George Jackson reported \$13.65 was contributed the first day and a smaller amount, \$2.85, on the second day. The Newman Club, students' Catholic organization at Hartnell, donated a lump sum of \$10 to the Lanini drive.

Members of Hartnell's faculty matched the sum contributed by the students. They submitted a check for \$25, making a total of \$51.50 collected for Lanini.

Edwin Lanini is now at San Rafael with the Guide Dogs for the Blind, Inc., undergoing a training period with a new dog. The "seeing-eye" dog Lanini will have when he is graduated from the school will be a German Shepherd named "Agate."

TODAY IS LAST DAY TO DROP CLASSES

Students contemplating on dropping courses must do so today. Mr. Jerry Girdner stated that any student who drops a class after March 2 will receive a grade "WF" (withdrew failed).

Grades for the first six weeks of the spring semester are being checked by Mr. Girdner. Deficiency notices will be mailed out next week to students who have done below-average work this year.

First Section of Occupational Survey Released by Hartnell President Lemos

Results of the first part of Hartnell's three-part occupational survey have now been compiled, states President J. B. Lemos.

This first part, a student questionnaire, was given last fall, the alumni questionnaire will be sent out this spring and the final part, a questionnaire to business men, will be sent out at the beginning of the 1951-52 school year.

"We will study the results of these three parts and from them try and determine what courses and facilities we should add to our curriculum and what unnecessary ones we now offer," informs President Lemos.

The results of the questionnaire, largely statistical, show that 38 per

cent of Hartnell students graduated from Salinas Union High School, 15 per cent from Watsonville, 9 per cent from Santa Cruz, 4 per cent from Gonzales, King City and Gilroy, and the remaining 25 per cent from scattered points. Only 5 per cent of Hartnell students are not high school graduates.

Most of the students, 54 per cent, live in a small town, 24 per cent in a farming community, and 22 per cent in a city; 75 per cent have spent most of their life in California, and 88 per cent have spent most of their lives in the United States.

Some 44 per cent of Hartnell students come to college on one of the

Standing in League Play Qualifies Locals To Participate in Championship Affair

Yesterday the Panthers traveled to Sacramento to enter the Northern California regional tournament. Hartnell is representing the coast section of the N.C.J.C.C. as the second place team. The Panthers seized the second-place spot by defeating Monterey twice last week end.

Chance to Choose Tunes for Dance Offered by Frosh

Now is the time for all persons intending to attend the Pajamarino March 10 to list their favorite dance tune or tunes on the list hanging from the main entrance bulletin board.

The freshman class was unable to secure local musicians to suit its budget, but it wants to provide the best and most wanted dance tunes for the slumber party in the gym. If you can't decide on a favorite, ask your one and only for this particular affair and write it on the list.

Chairman for the affair, Betty Cunningham, divulged the news that admission price for couples will be 75 cents and 50 cents for stags. Aside from the top tunes to be provided, Entertainment Chairman Ray Welch promises to have unique acts to delight all persons. For refreshments, everybody will have a chance to raid the refrigerator, for a fee, of course.

Time of the dance will be from 9 o'clock till bedtime, or when all the records have been played. The date (and you should have one) is Saturday, March 10. The place is the men's gymnasium.

Making the trip to the capital city was a ten-man squad, and Coach Ed Adams and Manager Don Jacobs. Opponent for Hartnell's opening game in the tournament was Stockton.

Adams said that the Panthers will be using the same type of ball game that helped them come back from a losing streak to qualify for the tournament. The Harts have been using a zone defense and a straight offense.

Eight teams are entered in the tournament; two from each of the three sections of the N.C.J.C.C., one from the central section, and Sacramento, the host team. These games will end the season for the Panthers. Coach Adams has announced that he will not enter a team in the Monterey County Basketball Tournament, March 14-17, in the local gymnasium.

John Hendrickson Alpha Gamma Sigma President

Alpha Gamma Sigma, Hartnell's scholarship society, initiated 31 new members and installed new officers at a meeting last Friday. The new officers are: President, John Hendrickson; vice-president, Howard Meneses; treasurer, George Jackson; and secretary, Carol Stormont.

The 31 new members, all of whom earned a better than "B" average for their last semester's work, are: Robert Abell, Diane Amyx, Keith Baker, Bill Bell, Robert Childs, Esther Cosmes, Elizabeth Cunningham, Ray Dyer, Anna Elkington, Barbara Farr, William Fridley, James Guerrero, Lutz Graf zu Muenster.

James Hannon, William Head, Cliff Herman, George Jackson, Edward Kershner, Freda Ledford, Darrell McClure, Howard Meneses, Warren Montagne, Winston Moore, Lucy Papac, S. Lew Patterson, Thomas Rogers, Ernestine Sinnott, Victoria Soria, Carol Stormont, Diane Tripp, and Marjorie Wilkinson.

The Hartnell chapter of Alpha Gamma Sigma is Nu chapter. Students who earn a "B" average in any one semester with no mark

(Continued on Page 2)

LETTER TO EDITOR

Dear Editor:

Hartnell Players is cognizant of the very fine work which the staff of The Panther Sentinel has been doing in behalf of the various plays which have been staged in the college's Little Theater. It has been principally through its efforts that the nature and personnel of our productions have been made known to the Hartnell College Student Body.

The drama department was particularly pleased with the splendid support it received, not only in the campus paper but also in the Salinas Californian, for the recent comedy, "The Happiest Years."

We are indeed grateful to you, Mr. Dufour and the Panther Sentinel staff for a job well done.

Sincerely yours,

HAL H. ULRICI
Drama Department

ALPHA GAMMA . . .

(Continued From Page 1)

below "C" are eligible for election to temporary membership. These members are entitled to wear a silver pin during their membership. Permanent membership is granted upon graduation to those students who keep up their scholarship requirements.

Many attractive scholarships are offered to students who become permanent members.

Blood Donors Urged to Make Appointments Immediately

The 50 students who pledged to give a pint of blood in the recent drive have been asked to make their appointments. Signup sheets have been placed on the main bulletin board, and students are requested to make appointments for either Monday, March 5, or Tuesday, March 6.

Transportation to the blood bank, the Salinas Recreation Center, will be provided by the college station wagon.

Donors will be excused from classes to give their blood. Only students who have signed pledge cards should make appointments. Students who would like to give a pint of blood may still obtain pledge cards in the main office.

George Jackson, editor of The Panther Sentinel, urges students to be prompt for their appointments, as the time could have been given to someone else.

RAY BLOYED IS NEW FRESHMAN PRESIDENT

Ray Bloyed defeated Dick Johnson in a runoff for the office of president of the freshman class on Tuesday. Don Day was elected vice-president and Judy Beech,

treasurer.

Lois Lyons won the job of secretary in an election last week. Only 37 students voted in this runoff election.

Former Student Opens Shop

Lorraine Hanssens, former Hartnell student, is now the proud owner of the newly erected, most modern florist shop in Carmel, appropriately named Village Flowers. It is ideally located on Dolores Street between Fifth and Sixth Streets.

Lorraine's background in floral culture has been quite extensive; she was reared in the surroundings of the famed Carmel Begonia Gardens, owned and operated by her parents. Her academic study of floral culture was obtained at the San Francisco City College.

International Club Wants New Members Now

Are you an American citizen by birth and interested in joining the International Club? If so, join the club, because membership is still open to American students to fill out the limit of one third of the membership, or one half of the number of foreign students.

President Lutz Graf zu Muenster expressed a desire to gain American members so that they would have more members to enjoy the activities planned by the club. As an example of the activities, the club will have Miss Janet Barber of Salinas Union High School show slides of and comment on Mexico at the March 12 meeting.

An Italian dinner is planned to be held approximately two weeks from now, and on May 18 the International Club will hold a dance with the theme being an international one. When the weather is warmer the club will have a trip.

Radio Class Will Feature Poe Tales

The Hartnell radio drama class will soon be presenting the first of the "I Know a Poe Story" series. Included in the 13 dramatized stories are: "The Cask of Amontillado," "The Purloined Letter," "The Telltale Heart," and "The Fall of the House of Usher." The 15-minute broadcasts will be tape-

Many Hartnell Students Assist In Sending Out 1951 Easter Seals

The 18th annual Easter Seal campaign began last Monday in Salinas Valley when 12,500 envelopes containing letters and Easter seals were sent to residents of the valley. The Salinas Valley Crippled Children's Association was able to distribute this large number of seals and letters largely because of co-operation and help by the commercial students of Hartnell College and Salinas high school, said the secretary of the organization, Mr. Claud F. Addison.

Mr. Addison said that students in Mrs. William Bullis' classes worked on a mailing list last semester; and that this semester, typing students from Miss Evelyn Gunton's high school classes, and the classes of Mr. James Stark and Miss Anne Harper at the college have done the job of addressing the envelopes. A class under the direction of Miss June Handley at Hartnell and the Future Business Leaders of America at the high school filled the envelopes with the necessary letters and Easter Seals.

The letters contained a statement of what had been done with last year's donations; and a plea for continued and increased help. The members of the Salinas Valley Crippled Children's Association are Harry L. Noland, chairman; Claud F. Addison, secretary; A. P. Holm, treasurer; and John Sharp, M.D.; T. D. Englehorn, M.D.; Mrs. Myrtle Wells Johnson; Miss Elsie Goodwin; Mrs. Marie Whitely; Mrs. Eugenia Hoffer; Lynn Wessels, M.D.; Horace Husser, M.D.; and Miss Virginia Rocca, directors.

State Offers To Young Engineers Fine Opportunity

The State of California is offering an opportunity for young men interested in a career in the field of engineering. Employment will be at the level of junior engineering aid and senior engineering aid.

Junior engineering aid must have completed one year in college with courses in engineering. This will admit the applicant to the examination. For senior engineering aid position the applicant must have the equivalent of completion of the junior year in college with major work in civil engineering.

Examinations have been scheduled for April 7 for junior and senior engineering aid. To be considered for these examinations, applications must be postmarked before midnight, March 17.

Applications may be secured from Mr. Girdner or the Department of Employment.

The starting salary for junior engineering aid is \$220 per month; for senior engineering aid, \$258 per month.

recorded here on campus and be played at a more convenient time over Station KDON.

Wedding Notes

Interesting to many Hartnell students is the announcement of the engagement of Kathleen Joan McAulay to Alexander William Jones, son of Mr. and Mrs. Alexander Jones of Astoria, L.I.

The daughter of Mrs. Martin B. McAulay and the late Doctor McAulay, Kathleen was graduated from Sunset School in Carmel and Monterey Union High School. She studied at Hartnell and at the Redlands University.

Former Hartnell Students Bernice and Gino Lorenzi exchanged marriage vows on February 17 at Holy Cross Mission in Santa Cruz. Gino and the new Mrs. Lorenzi will reside in Twin Lakes upon their return from their honeymoon in Southern California.

Gino and Bernice graduated from Hartnell in 1949. Bernice later was graduated from University of California. Gino is now employed at the A. L. Castle Chemical Company in Mountain View.

Concert Features Two McCanns

Mr. Lorell McCann, music instructor at Hartnell, will conduct the Symphony Orchestra at the Sunset School auditorium in Carmel on Tuesday, March 6. Instrumental soloists are Paul Nelson, trumpet, and Stephen McCann, French horn.

Stephen McCann is the son of Mr. Lorell McCann and an alumnus of Hartnell College.

The Symphony Orchestra is being presented by the Monterey County Symphony Association, Inc.

Confession Of Bus Riding Evils Is Made Known

By MARGE RAINS

There is a whisper going around school that the bus students aren't entirely happy with their lot. That's a completely unfounded rumor! We love every jolting, tooth-shaking minute of our trips.

Some persons think it odd that we should enjoy commuting to college every day, especially when we commute 40 miles or so one way.

They say things such as: "Don't you get sick and tired of all that riding! You lose so much time, too."

That's taking a very narrow view of the whole thing. What if we do get a little tired of the ride; what if we do lose a little time—not everyone gets to ride 400 miles a week in a big, new, yellow school bus. While there are a few small drawbacks to the ride, each has its compensations.

COMFORTABLE SEATS

There have been a few complaints about the up-and-down motion of the bus that that's caused by the square wheels. Besides, the complainers are usually stubborn diehards who persist in sitting over the wheels, or on the back seat or on the front seat, or on one of the middle seats. After all, what can they expect?

Once in a while we hear a complaint about the fact that it's hard to sleep on the bus. That's also because of the square wheels causing a somewhat jolting ride, and because of the seats. Which brings me to another gripe against the bus ride—the seats aren't as comfortable as they might be. In truth, they are a little hard. Some of the taller fellows say they're kind of close together, too. They're really not so bad, though; I could have received this permanent kink in my back from almost anything.

One really bad part about riding a bus is having to get up so early. Even that has a brighter side, though. Think of all the sunrises we get to see. A few crass characters aren't particularly appreciative of seeing the same scenery every day, either, but they do get to see it at all hours under all conditions.

CHEERFUL SIDE

While there are these few little drawbacks, the compensations make up for them. Maybe those bus seats are a little uncomfortable, but they do give us something to complain about. The jolting ride has a brighter side, too. It gives us an excuse for our occasional ill humor. We can always blame it on the bus ride.

As for sleeping, that isn't such a good idea, anyway. If you sleep in the morning your whole day is upset, and if you sleep on the way home you'll be too sleepy to eat dinner.

Getting up early isn't so bad, either. "Early to bed and early to rise makes a man healthy, wealthy, and wise." Besides, how many sunrises have Salinas students seen lately?

The ride is never boring. No-where else do you get to know peo-

Fashions

By FARELL MOORE

Still seen most frequently on the college campuses are skirts and sweaters teamed with bright scarfs and attractive leather belts. The favorites in scarfs are these brightly colored 17 inch silk squares. They are an inexpensive way of dressing up a sweater and skirt. A handsome leather belt with a gold medallion or other ornament is also a favored article among the fairer sex.

For a variety of straight, slim skirts and lovely sweaters one should watch Norma Brown. Her wardrobe is quite extensive in this respect. One of her more attractive outfits is a straight, slim, gray flannel skirt worn with a red cashmere sweater, a red, black, gray and white silk scarf, red bobby socks, and white buck saddles.

Lately the coming of spring has been much in evidence by the appearance of cottons and rayon prints on the campus. The loveliest of these, in my opinion, is a blue, black, and white rayon print worn by Lois Lyons. This is a two-piece dress with a wide, stiff belt of self-material with a skirt of unpursed pleats all the way around. The blouse has short sleeves, a high, round neck, with black buttons down the back. With this dress Lois wears black suede flat-heeled shell pumps.

Another evidence of spring are the cotton prints which are appearing in the dress shops and yardage shops around town. The new cotton material there are some new and original designs in unusual fabrics on the market; also the new and colorful designs in such well-known materials as seersucker and terry cloth are really startling, as well as interesting.

Plaid terry cloth and leopard spotted terry cloth really give some interesting ideas for beach coats, sun suits, and even swim suits are being made out of this interesting material. Take my word for it, terry cloth is going to be a big item in coming months.

ple so well as on a bus ride, and there's so much sparkling conversation, so full of wit and humor.

Sometimes there's music, too. Then, we can entertain ourselves by counting the telephone poles on the way to Salinas, or by reading billboards, and on some buses

Several Hartnell Students Serving In Local Guard

Six students here at Hartnell that live in Salinas belong to Headquarters, and Service Company in the 149th Heavy Tank Battalion of the California National Guard.

These students are as follows:

Cpl. Andrew Ausonio, 20, joined on December 11, 1948. Cpl. Ausonio's duty is that of a radio operator.

Cpl. Elvin Juhl, 18, joined on May 24, 1949. Cpl. Juhl is in S-4 (supply).

Sgt. Constantine Meros, 23, joined on March 1, 1950. Sgt. Meros is in S-3 (planning and training). Meros had been in the service before.

Pfc. Harvey Hall, 22, joined on June 24, 1948. Pfc. Hall is in battalion headquarters and his job is classified as personnel administration clerk.

Pfc. Elmer Anderson, 19, joined on June 3, 1948. Pfc. Anderson's job is a cook's helper.

Pvt. E-1 Robert Juhler, 19, joined on December 1, 1950. Pvt. Juhler has no specific job as yet. He is still undergoing recruit training.

These six aren't the only guardsmen attending Hartnell College, however.

A & M Increases Pork Production

The country's pork shortage has been taken into consideration by Mr. Fowler, director of Hartnell A & M. Under his supervision the pork supply at the school will be increased this year in trend with the national program.

Usually there are 20 sows farrowed out; this year there will be approximately 25. A greater attempt will be made to save as many pigs as possible in each litter.

U. S. hog farmers are planning to have four percent more sows farrowed than they did last spring.

A larger corn crop is a probability in 1951 from which to feed out spring pigs.

by playing cards. Some of the more juvenile students play practical jokes like tying people's shoelaces together.

No matter how we gripe we wouldn't give up our bus ride for anything, except maybe a chance to stay in Salinas.

CAMPUSOLOGY

By PAUL PARSONS

"If the baseball team members are going to work like horses they should be able to eat like horses."

That statement by Coach Jess Regli has brought the comment, "Why not take a bale of hay along on baseball trips?" I can't see anything wrong with that, in that most of the baseball team looks like horses, anyhow.

Are you dissatisfied with conditions here on the campus? Maybe you'd like Pullman school buses so as to get a few extra hours' sleep in the morning. Well, if you have any such ideas or maybe even a gripe or two drop them in the suggestion box which is conveniently located in the main hall across from the student body office.

One young lady has already written and suggested that the windows on the buses be cleaned. The idea was promptly vetoed by a bus driver who said, "Why should they be able to see if I can't."

Button up those overcoats and put up those umbrellas. As of last Monday students started waiting for the afternoon buses out in the cold. "General" Freyer gave an order Monday which stated, "THE CAFETERIA WILL BE CLOSED AFTER 4 P.M."

It's here at Hartnell, too. Basketball bribes, that is. It's been rumored that Bunky Millsap accepted an ice cream cone (or cash, we're not sure) immediately before the Gassers lost to the Wheaties in a noontime league game. The student court will undoubtedly investigate.

The assembly today promises to be a real goody. It will be a quiz show MC'd by Jerry Skillicorn. Assisting him will be Bob Childs, Betty Ann Cunningham, Dorothy Hodge, Cliff Herman, Helen Wolber, Gayle Caskey, and Lloyd Oksen. M.C. Skillicorn says, "It's guaranteed to make you laugh."

PANTHERS WIN 2nd PLACE IN LEAGUE

Annual Alumni Baseball Game To Be Played On March 17

Annual Hartnell College Varsity Alumni baseball game will be held Saturday, March 17, at 2 p.m. on the college diamond. Invitations have been sent to many former baseballers informing them of the tussle, said Coach Jess Regli.

More than 40 alumni have been contacted asking them to participate in the annual affair. Included in the list is former Coach Dominic Campolo. Following are the players who have been invited to compete against the varsity:

Hugh Andrus, Ray Belli, Frank Brumblay, Gene Bourdet, Ruven Campos, Bill Cavalli, Don Coover,

Bill Casalegno, Jim Collins, Leo Cooke, Larry Conner, Phil Cordrey, Cliff Cracknell, Ed deMars, Cecil Dodson, William Dodge, Ed Garcia, Frank Garnero, Gene Friermuth, Bud Gutierrez, Charlie Happ, Jerry Hoagland, Ralph Mack, Frank Macklin.

Stan Miller, Charlie Mornard, Don Napoli, Don Nielsen, Everett Olsen, Pete Pedrazzi, Roy Parker, Tommy Perez, Don Paul, Don Prien, Jack Raine, Richard Ryder, Wally Smith, Frank Stone, Clarence Twitchell, Raul Vargas, Roy Williams, Finis Jeffers, and Abel Rodriguez.

Marin Team Hit By Harts

League-leading Marin was ungracefully removed from the undefeated ranks of league play two weeks ago by the Panthers who came through with a resounding effort and won, 62-38. The Panthers played without the services of their star forward, Dick deLorimier, who was declared ineligible for having played on another organized team.

Fouls were the featured highlights of the evening's action, and the Mariners were caught in the act too many times and reduced to a four-man squad at the end of the contest. The Panthers displayed great spirit and determination in the battle with the Mariners and held a steadily increasing lead throughout the ball game.

Center Fred Willson was the leader in the scoring field with a total of 18 points for the contest. Working most of the game for Hartnell were Guards Bob Ballard and Tommy Welch, Forwards Bob Steinbach and Bill Bell, and Center Fred Willson.

Temper ran high before the contest ended and with a few minutes remaining, fists were thrown and angry words exchanged. The game held little interest from the spectator's viewpoint, since the many fouls slowed the action down considerably.

Noon Casaba League Ends Soon

With a perfect record of eight wins and no losses, the Termites are leading Noon League competition as of the first of this week.

On the basis of two points for a win, one for a tie, and none for a loss, the Termites hold a solid four point lead over their nearest competitors, the Hawaiians and the Gassers. Both of these teams have a total of 12 points.

Competition in the league ends March 19. First and second-place team members will receive gold and bronze medals, respectively. In the event of a tie there will be a one-game playoff.

Wilson Issues Call to Golfers

Golf Coach Ab Wilson urges all able-bodied golfers who wish to play golf under the Hartnell flag to contact him as soon as possible. As of yesterday there were only three men who had signed up for the team. Five golfers are required in order to play in N.C.J.C.C. competition.

Bob Jefferson, Bob Ballard, and Glen Albaugh are the three sign-ups so far. Albaugh is the only veteran of last year's squad to return as other members have been lost

Hartnell Wins Two From Monterey Lobos

Last Friday in the Monterey high school gymnasium the Hartnell Panthers defeated the Monterey Peninsula College Lobos, 65-58. The star of the evening for the local team was Guard Tommy Welch who succeeded in pushing through 10 field goals and three free throws for a total of 23 points, the leading effort of the evening for the Panthers.

Officials were kept busy trying to keep the traditional grudge game from becoming a runaway brawl, and their close calls charged the players with a total of 40 fouls. Two Monterey men were evicted by the foul path before the end of the game.

Fred Willson followed Welch in the scoring column with a total of 20 points. Guards Bob Ballard and Tom Welch were often responsible for holding the Lobos in check as they defended against the speedy fast break of the Monterey team.

Monterey's star center, Brooks, whose eligibility was in question until game time, was the leading Lobo with 21 points. Larry Mathews, a short but speedy forward, was a menace to the Panthers, until he fouled out in the final moments of the game.

Box score was:

HARTNELL (65)				
Player, Posi.	FG	FT	PF	TP
Bell, f	1	1	3	3

Carl Hurd Takes Skating Honor

Hartnell Student Carl Hurd took fourth place in the roller racing division of the Northern California senior division championships held at Stockton last week. A

by graduation, draft, and other reasons.

The following is the N.C.J.C.C. schedule of 1951:

- April 6, Hartnell at Menlo.
- April 13, Bye (may be filled later).
- April 20, Contra Costa at Hartnell.
- April 27, Coast Conference Tournament at Monterey.
- May 4, Hartnell at Marin.
- May 11, Monterey at Hartnell.

Winding up the basketball season on the home court, the Panthers met the M.P.C. Lobos for a return game in the local gym last Saturday, and emerged the victors of a close 67-66 score. The game was hard fought, but was again the scene of many, many fouls—24 against Monterey and 22 against Hartnell.

Greatest effort of the evening and the greatest scoring show of the year for the local fans was the display put on by Fred Willson. Willson collected a total of 42 points from 17 field goals and eight free throws. It was a fitting end to the two-year Hartnell basketball career of Willson who has consistently led the Panthers in scoring.

Monterey was not to be denied and came close to upsetting the Harts for the first time in history on the hardwood courts. Monterey's Jim Brooks was again the Lobo leader with 16 to his credit. The Lobos proved their skill by hitting for 85 per cent from the free throw line and sinking long shots time and again from out front.

The Panthers were playing for the opportunity to make the trip to Sacramento and the regional tournament. The Panthers will have to play better ball at Sacramento.

The box scores:

twisted knee hampered Hurd in his attempts to cop the crown.

Hurd is the holder of two third places in statewide competition, in the intermediate men's divisions in 1949 and junior men's in 1950. Because of the injury he will not compete in the state championships this year.

Places were awarded on the basis of the average points scored in races of 440 yards, 880 yards, and two miles. Each entrant was given a specific number of points for the place he held in each of the individual races, and the racer with the highest average for the three races was declared champion.
